

Dossier of the Muses

International Journal of Literary Studies of Govt. College for Women M. A. Road Srinagar

Editorial

Dear friends! Creating history is not just victories in wars, getting access to the thrones and changing the small huts into the concrete bungalows, history basically is to bring a positive change in the mind-set, give tongue to the feelings, give expression to the positive emotions and above all to bring out thoughts from the corners of the mind and give them to the proper outlet. All of you know that College has played a strong positive role in the development of Kashmir culture and uplifted human spirit. May it be education of women, their dignity or their participation in the academic, social, cultural and domestic life. Thousands of students that got educated from this college have contributed to the better critical thinking, better living and better persuasion of knowledge in the life of Kashmir. It is known all over and reportedly repeated all the time that if you educate a man, it is educating just-an individual, but when educate a woman that means educating a family This College has played a prominent role in getting lakhs of families educated.

Today this College is laying foundation of a new era in the form of its research journal *Dossier of the Muses* (International Journal of Literary Studies). It will not only boost up the talent of our students, scholars and faculty members but will provide, the creative writers, critical thinkers, and scholars, a chance to share their ideas in the form of their creativity and research with a broader circle of dedicated readers.

We are happy to announce that inspirational writings will find space in our journal. However, an editorial board after peer review and according to editorial board policy rejection/acceptance for publication would be taken.

We are thankful to our Vice-Chancellor Prof. (Dr) Qayuum Huain for his extraordinary support and guidance. We are also thankful to Director Colleges Prof. (Dr) Yasmeen Ashai for the unending encouragement. We are indeed indebted to contributors in the form of research papers and creative writings as well, to the Advisory Board members from here and abroad, for constantly providing their feedback and valuable suggestions.

Last but not the least, we express our gratitude to our inspiring principal Prof. (Dr) Ruhi Jan Kanth, whose academic excellence, administrative prowess, and encouragement helped in
